Healthy Food for a Healthy Future

## **M7.1 Selection of the public institutions type(s) for participation**

**Grant Agreement Number 951202**

Natalija Rozman, Lea Raztresen, Emanuela Čerček Vilhar,  
Mojca Gabrijelčič Blenkuš and WP7 partners

24 / December / 2021

This document was funded by the European Union's Health Programme (2014-2020)

---

## Contributors and Acknowledgements

The preparation of this report/list was coordinated by Slovenian National Institute of Public Health (NIJZ).

Additionally, we would like to highlight the invaluable contributions that have gone into preparing the materials discussed in this document. Within this particular work, we would like to thank all WP7 partners, who contributed to achieve goals within M7.1 *Selection of the public institutions type(s) for participation*.

Our sincere gratitude goes to the following Work Package 7 partners, who contributed in fulfilling the first Work Package 7 milestone (M7.1): Karin Schindler, Judith Benedics, Adelheid Weber (The Federal Ministry of Labour, Social Affairs, Health and Consumer Protection - BMASGK), Gabriele Antony, Jennifer Antosik, Carina Marbler, Rita Kichler (The Austrian National Public Health Institute - GOeG), Ivana Trifković, Vedrana Janjetovic-Cojo (Ministry of Civil Affairs of Bosnia and Herzegovina - MCA), Dragana Stojisavljević (PHI Institute for Public Health of the Republic of Srpska - PHI-RS), Aida Filipović Hadžiomerađić (Institute for Public Health of the Federation of Bosnia and Herzegovina - PHI-FBH), Betina Bergmann Madsen (Copenhagen Municipality - CPH-MUN), Heli Kuusipalo, Susanna Raulio and Tiina Sirkjärvi (Finnish Institute for Health and Welfare - THL), Venetia-Maria Vraila, Orestis Varkarolis, Eleftheria Papachristou, Meropi Kontogianni, Adamandia Xekalaki and Mary Yannakoulia (Institute of Child Health - ICH), Anita Varga, Andrea Doroginé Török, Kinga Lucia Mihálydy (National Institute of Pharmacy and Nutrition - NIPN) and to Katarzyna Brukało and Oskar Kowalski (Medical University of Silesia in Katowice - SUM).

We would like to extend our thanks to the subcontractor Chamber of Commerce and Industry of Slovenia – owner of the best practice – Catalogue of Foods for their active engagement in the Joint Action within Work Package 7, especially in providing sufficient instructions and guidelines to participating Member States. In addition, a special thanks belongs to Copenhagen Municipality (CPH-MUN) from Denmark (Betina Bergmann Madsen), who has guided participating WP7 Member States in understanding the public food procurement processes.

# 1 Lists of Selection of the public institutions type(s) for participation (M7.1)

## 1. Austria: BMASGK and GOeG

| Public institution / service type* | Selected individual institutions (at least five) for the implementation of the action**<br>(name of selected institution) | The reason for selection of individual institution / service type / tender / procurement body(ies)*** |
|------------------------------------|---|---|
| Municipality „Atzenbruck”<br>- tbc | 1 Kindergarten  | Regionally organized procurement for several public institutions in the municipality.                 |
| Municipality „Michelhausen”<br>tbc | 3 Kindergartens   | Regionally organized procurement for several public institutions in the municipality.                 |
| Municipality „Loosdorf”<br>tbc     | 2-3 kindergarten, 1 primary school, 1 school for 10 – 14 years old  | The Municipality has its own kitchen.   |

### Guidelines:

- **\*Public institution / service type:** Select at least one type of public institution(s) that procure food. Adapt this on the basis of the next bullet below\*\*
- **\*\*Selected individual institutions (at least five) for the implementation of the action (name of selected institution):** Here we would advise you that in case of centralized system, it is suitable and sufficient to select those institutions/procurement body(ies)/ municipalities that procure food IF they affect at least 5 public institutions or more (e.g. schools – institutions that include children)
- **\*\*\*The reason for selection of individual institution / service type / tender / procurement body(ies):** Please provide the explanation why these institutions were selected. For instance:
  - We have decentralized system where each individual institution procures food on its own,
  - We have centralized system where municipality procurement department is procuring food for all public institutions
  - We have regionally organised alliances of institutions which procure food together through one food procurement body

## 2. Bosnia and Herzegovina: MCA, PHI-FBH

| Public institution / service type* | Selected individual institutions (at least five) for the implementation of the action**<br>(name of selected institution) | The reason for selection of individual institution / service type / tender / procurement body(ies)*** |
|------------------------------------|---|---|
| Kindergarten                       | Dječji vrtić “Ciciban”  | We have decentralized system where each individual institution procures food on its own.              |
| Kindergarten                       | Dječji vrtić “Sveti Josip”  | We have decentralized system where each individual institution procures food on its own.              |
| Kindergarten                       | Dječji vrtići „Mostar“  | We have decentralized system where each individual institution procures food on its own.              |
| Kindergarten                       | Dječji vrtić „Čaplina“  | We have decentralized system where each individual institution procures food on its own.              |
| Kindergarten                       | Dječji vrtić “Zulejha Begeta“   | We have decentralized system where each individual institution procures food on its own.              |

### Guidelines:

- **\*Public institution / service type:** Select at least one type of public institution(s) that procure food. Adapt this on the basis of the next bullet below\*\*
- **\*\*Selected individual institutions (at least five) for the implementation of the action (name of selected institution):** Here we would advise you that in case of centralized system, it is suitable and sufficient to select those institutions/procurement body(ies)/ municipalities that procure food IF they affect at least 5 public institutions or more (e.g. schools – institutions that include children)
